Sir:

In response to the Examiner's Office Action dated December 20, 2001, the following amendments and remarks are respectfully submitted in connection with the above-identified application.

IN THE CLAIMS:

Please amend claim 5 as follows:

5. (Amended) An electronic device which comprises an electromagnetic shield, said electromagnetic shield comprising:

a metal foil and a metal plate that are connected to each other,

wherein: at a connecting point of said metal foil and said metal plate, a protrusion, formed by deforming said metal foil, is formed on said metal foil, and at a position apart from said protrusion in said connecting portion, said metal foil and said
